BOOK SYNOPSIS

The annual French XX Bibliography provides the most complete listing available of books, articles, and book reviews concerned with French literature since 1885. Unique in its scope, thoroughness, and reliability of information, it has become an essential reference source in the study of modern French literature and culture. The bibliography is divided into three major divisions: general studies, author subjects (arranged alphabetically), and cinema. Number 57 in the series contains nearly 10,000 entries. William H. Thompson is Associate Professor of French and Undergraduate and Interdisciplinary Programs in the College of Arts and Sciences at the University of Memphis.
