A NOVEL

BOOK SYNOPSIS

"What would happen if Adolf Hitler woke up in modern-day Berlin? In a bestselling satirical novel, he'd end up a TV comedy star . . . [Look Whos Back] has unsurprisingly sparked debate in a country that has grappled for decades with Hitler's unconscionable legacy." -Time
Timur Vermes record-breaking bestseller, *Look Whos Back*, is a satirical novel that imagines what would happen if Hitler reawakened in present-day Germany. The book was a massive success in Germany, selling more than 1.5 million copies. Janet Maslin of *The New York Times* called *Look Whos Back* "desperately funny . . . an ingenious comedy of errors." In the novel, Adolf Hitler wakes up in 2011 from a 66-year sleep in his subterranean Berlin bunker to find the Germany he knew entirely changed: Internet-driven media spreads ideas in minutes and fumes celebrity obsession; immigration has produced multicultural neighborhoods bringing together people of varying race, ethnicity, and religion; and the most powerful person in government is a woman. Hitler is immediately recognized . . . as an impersonator of uncommon skill. The public assumes the fulminating leader of the Nazi party is a performer who is always in character, and soon his inevitable viral appeal begets YouTube stardom, begets television celebrity on a Turkish-born comedians show. His bigoted rants are mistaken for a theatrical satire-exposing prejudice and misrepresentation-and his media success emboldens Hitler to start his own political party, and set the country he finds a shambles back to rights. With daring and dark humor, *Look Whos Back* skewers the absurdity and depravity of the cult of personality in modern media culture.

LOOK WHOS BACK - Are you looking for Ebook *Look Whos Back*? You will be glad to know that right now *Look Whos Back* is available on our online library. With our online resources, you can find *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* or just about any type of ebooks, for any type of product. Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. *Look Whos Back* may not make exciting reading, but *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with *Look Whos Back* and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with *Look Whos Back*. To get started finding *Look Whos Back*, you are right to find our website which has a comprehensive collection of manuals listed.
